Some folks think married men should wear
Some sort of thing to spot 'em,
Some little thing to show the girls
Someone's already got 'em;
As if they did not wear these days
Some thing to show possession,
We rise to ask you: How about
That scared expression?

The Wellsburg Herald has the following of "The Cotton Blossom Floating Theater," which will be at the Maysville wharf next Wednesday, June 9th: "The Old Hickory Valley" drama was true to the rustic scenes portrayed, although only those who have considerable knowledge of rural ways would appreciate many of the points. The interspersed vaudeville acts were highly interesting, while the juggler eclipsed all climaxes. Anyone who has never seen the Cotton Blossom juggler has simply never seen juggling. For a genteel, clever company, the owners and managers of Cotton Blossom carried away the laurels. Manager H. E. Steiner, with whom the citizens met more frequently, was a most cordial, genial gentleman and should be returned to Wellsburg, as he undoubtedly will, his many new-made friends will be glad to see him, likewise the whole company."

The blood curdling report this morning in regard to the murder of three people in the Orangeburg neighborhood proved to be a fake. Later accounts have it that the many stories set afloat were caused by the reported appearance in the neighborhood of a colored man who is charged with having murdered several officials of another county, and the dogs were sent for to place on his trail.

Best Stomach Remedy Free

It is an old saying that if the stomach is sound the whole body is safe, because so much depends upon the proper working of the stomach. Many persons find themselves with a disorder of the stomach which produces dyspepsia or a peculiar state of biliousness.

If you suffer from both stomach trouble and constipation you are on the way to a very serious disease. From just such conditions come appendicitis, rheumatism, skin diseases and similar disorders, because the waste matter that should have been expelled from the system through the bowels has found its way into the blood and vitiated it. What is needed at this point is not simply a violent cathartic tablet or salt, which usually does more harm than good, but a gentle laxative tonic like Dr. Caldwell's Syrup Pepsin, which people have been using for these ailments for nearly a quarter of a century. It cured J. C. Lanham, of Warrenton, Mo., of stomach trouble of long standing; also William Voll, of 903 Ellison St., Louisville, Ky., who had the trouble for fifteen years.

How, if you have stomach trouble, you want to know from personal experience what Dr. Caldwell's Syrup Pepsin will do for you. If so, send your name to the doctor and a free trial bottle will be sent you. You are urged to send for the free bottle, as the results from it will be the best recommendation of Dr. Caldwell's Syrup Pepsin. Then you will do as over two million people did last year—go to your druggist and buy a regular bottle at 50 cents or \$1, according to the size you prefer. We could mention hundreds and hundreds of families who are never without it. You can never tell when some member of the family will need a laxative, and then no time should be lost taking Dr. Caldwell's Syrup Pepsin.

If there is anything about your ailment that you don't understand, or if you want any medical advice, write to the doctor, and he will answer you fully. There is no charge for this service. The address is Dr. W. B. Caldwell, 507 Caldwell bldg., Monticello, Ill.

Miss Clara Keith, one of Lexington's popular young ladies, arrived here last night and will be the guest of her cousin, Sidney Keith, of the L. and N. On Sunday morning she and Mr. Keith will drive from here to Sardis, where they go on a visit to their cousin, Prof. Alfred Keith, of that village, and we feel most assured they will be most welcome guests, for only a few months ago these first cousins met for the first time and had never visited each other. Mason county was the birthplace of their grandfather, who was John D. Keith. Leaving old Mason, he emigrated to Pendleton county, this State, where he became a very successful farmer and raised a family of twelve children. On reaching maturity they drifted far apart, one son and one daughter emigrating to Texas and the remainder living in various parts of this State. Miss Keith has won many gold medals in the musical fraternity at Lexington, being identified with many of the Church choirs of that city, and at the present time is a leading member of Christ Church Cathedral choir.

Brisbois & Diener

the High School scholars, Miss Mamie Harris, pianist, and a prayer by Rev. John F. Drane, the essays were delivered by the three graduates as follows:

"The Home and the Child"—Bertha T. Morton.
"The Nobility of Womanhood"—Sadie E. Strawder.

"Practical Training"—Allie Young.

The dialogues, speeches, songs, etc., the quintet's rendering of "The Lost Chord," were all excellently done.

Dr. W. S. Yazell, President of the Board of Education, then followed with a lengthy address as he presented the three graduates their diplomas.

The singing of Miss Nannie Wood was one of the best numbers on the program.

The chief and the crowning feature of the evening was the "Commencement Address" by Dr. Harry Pickett Taylor of Versailles, Ky. Harry is a Maysville product and the colored protégé of our distinguished citizen, Dr. Thomas E. Pickett, who reared him and is now proud that he and we can point to him as one of The Men From Maysville—"The Colored Man From Maysville" has been heard from and has made good.

Dr. Taylor's remarks last night were pointed, eloquent, practical and classical. THE LEDGER doesn't know when it has listened to a speech with greater interest, benefit and pleasure. Harry, who is now quite a successful practitioner in the pretty city of Versailles, Ky., where he is making a brilliant career, is certain to make an eminent name for himself in his chosen work; and, young as he is, he is now qualified, mentally and physically, to stand on any rostrum with the leading and masterminds of his race. In his address last evening he dwelt upon the fact that the colored race may expect to arise and win, not alone through the assistance of the white people, but, mainly, in themselves must come their own success. He appealed to them to make virtue, industry and education their guiding stars, as it is only through self-respect and self-education that the youth of their color could hope to escape the penitentiaries, the jails and the Pentonaries.

It was a 40-minute speech that could bear printing, every sentence of it, and THE PUBLIC LEDGER is proud to pin the shining medal on Harry Pickett Taylor as a man who is intellectually and morally worthy to wear it as the "Brilliant Colored Man From Maysville."

Of the essays of the three graduates, we can say that they were all good, but "Practical

Color of Hair Said to Indicate a Person's Temperament.

Many people believe that blonde, or light hair denotes affection and dark hair constancy. A person without hair is not devoid of character; far from it. The disposition of the average bald-headed man is to show such solicitude for the welfare of others, that he neglects himself. A germ causes baldness. Prof. Subournaud, of Paris, France, introduced a rabbit with Dandruff germs, causing it to become totally bald in five weeks' time. To rid the scalp of these dangerous germs it is necessary to apply Newbro's Herpicide.

"Destroy the cause—you remove the effect."

Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich.

cal Training," as spoken by Miss Allie Young, was pre-eminently the gem of the evening. Worded in excellent English and spoken, and with emphasis, it was as eloquent as it was brief and was a credit to her and her race.

The "Scarf Drill" by 17 girls was well done and very pleasing.

The evening's work should have been very gratifying to Prof. W. H. Humphrey, Principal of the Maysville Colored High School, and his co-assistants, who managed the "Commencement," and next year when they occupy the new Colored High School Building, now in process of construction, we may look for more triumphs and higher efforts at mind and body training.

With a brief benediction by Rev. McFarland the exercises closed.

Mr. Ed Duley is now the proprietor of the Third Street Barber Shop in the Mike Redmond Block.

Do you know anything about eyes? Could you examine eyes and select the proper glass? Do you know anything about lenses? Could you tell the proper form and strength of lens for the different visual defects? Do you know about decentering lenses and combining prisms with them? Their effect? What about eye strain? Can you use the modern optical instruments? Do you expect people who have had no special course in optics, who have none of the modern instruments and who devote their time almost exclusively to other callings, to know any more about optics than you know?

Nervous Women

For nervous, tired women, we recommend Cardui. Cardui is a woman's medicine. It acts specifically on the female organs and has a tonic, building effect on the whole system. It contains no harmful ingredients, being a pure vegetable extract. If you suffer from some form of female trouble, get Cardui at once and give it a fair trial.

TAKE CARDUI

It Will Help You

Mrs. W. W. Gardner, of Paducah, Ky., tried Cardui and writes: "I think Cardui is just grand. I have been using it for eleven years. I am 48 years old and feel like a different woman, since I have been taking it. I used to suffer from bearing down aches, nervousness and sleeplessness, but now the pains are all gone and I sleep good. I highly recommend Cardui for young and old." Try it.

The Kentucky Good Roads Association will meet June 12th in Elizabethtown.

The school term having ended at Hamilton College at Lexington, Mrs. Mamie Hickman, who is connected with the institution, will spend a portion of her vacation with the family of her father, Mr. Frank Perrie, at Dover.

J. J. Foley of Lexington found a can of powder in his garden, and reported to the police that a plot exists to kill him.

Home-Grown Strawberries

Now coming. My supplies will come direct from the growers by express and will be on sale here on same days they are picked. Will be sold WHOLESALE and RETAIL in full-size cups just as they come from the patches and will be as heretofore—the best that come to this market. The long-protracted drought last year killed out many of the patches and the crop will be short, and my advice to those who want berries is to not put off securing what they may want. I am expecting some very fine berries, so place your orders with me and I will guarantee satisfaction.

My supplies of vegetables are now principally HOME GROWN and I am in position to at all times furnish the best and the freshest.

Flour is still booming. This week I am going to offer the Famous

and at that I am still under the market. Just received my last shipment of FANCY OLD POTATOES from the North for both table and planting purposes.

NO 'PHONE AT C. AND O.

Station—Public's Raising a Kick and It May Be Put Back at Once

Referring to the removal of the telephone from the C. and O.'s Maysville Passenger Station, by order of the Superintendent of Telegraph, Agent Wikoff is endeavoring to have same installed again, and no doubt No. 32 will soon be back upon the line.

By the way, the C. and O. Passenger Station is receiving a much needed interior coat of paint, all of which goes to show that the management is determined to retain the old ramshackle structure now being used as a Depot. It is indeed unfortunate for the C. and O. and its patrons that the road's officials are evincing such stubborn and determined indifference to accommodating our merchants and people. The depot here is a public disgrace and a nuisance that should have the attention of the Board of Health.

P. S.—The telephone was put back this morning and everybody is trying to be happy.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

CURED TO STAY CURED.

How a Maysville Citizen Found Complete Freedom From Kidney Troubles.

If you suffer from backache—From urinary disorders—From any disease of the kidneys, Be cured to stay cured.

Doan's Kidney Pills make lasting cures. Maysville people testify. Here's one case of it:

M. C. Chisholm, 317 East Second street, Maysville, Ky., says: "The cure which Doan's Kidney Pills effected in my case some years ago has been permanent, and the testimonial I gave in their favor still holds good. I was bothered a great deal by too frequent passages of the kidney secretions, this being especially annoying at night, when I was obliged to arise several times. Having my attention called to Doan's Kidney Pills, I procured a box at J. J. Wood & Son's Drugstore, and had only used them a short time when I noticed a marked improvement. They soon cured me, and I have learned of several instances where they have been used with good results."
